Adjournment

Posted 1/4/17 at 1:00 p.m.

This notice is a special meeting of the Dagsboro Town Council and was posted as soon as possible. This meeting could not comply with the seven (7) day notice requirement under FOIA because of difficulty contacting all of the Dagsboro Town Council members regarding their availability for a special meeting. In addition, the reason the special meeting is being called on such short notice is due to the urgency of dealing with a contractual issue affecting the Town, an emergency lighting issue at the Town Park, and an expedited application for a building permit.
