Artesian Wastewater Maryland

December 20, 2021

Dear Resident:

**SUBJECT: Artesian Community Information Session – January 13, 2022**

At Artesian Water our mission is to preserve and protect water quality. We take our role seriously as an environmental steward, providing water and wastewater services to customers across the Delmarva Peninsula. Artesian is committed to providing timely information on the work we are doing in your area.

This courtesy notice is to inform you that we will be constructing an elevated water tower next to our water treatment plant located at 29558 Armory Road in Dagsboro. This facility is part of a regional system that provides water services to residents from the Sussex County beach communities all the way to the greater Dagsboro area.

#### **Anticipated Schedule**

The water tower project will begin at the end of December and will last approximately 15 months. Our contractor, Landmark Structures, LLC, will be working daily, depending on weather.

#### **Community Information Session Planned**

Artesian will hold a Community Information Session for interested residents to learn more about the facility and its progress. Photos and maps will be on display and the Artesian project team will be available to provide information and answer questions.

**Thursday, January 13, 2022**

**Artesian's Southern Maintenance Center**

**31818 Waples Street, Dagsboro**

**6:30 PM**

#### **For More Information**

If you have any questions or concerns, please call our Customer Service Department, Monday through Friday, between 8:00 a.m. and 4:30 p.m. at 302-453-6930. In the event of an emergency, please contact our 24/7 Emergency Dispatch number at 1-800-332-5114.

Sincerely,

***Customer Service***
